

Al Yamamah University

GRADUATE PROGRAMS

Master of Management Information Systems (MMIS)

- The Master of Management Information Systems was designed to prepare program graduates to be sophisticated leaders in today's increasingly technology-driven workplace
- 18-20-months long master program offered to recent graduates, and experienced professionals who are interested in pursuing and further developing their managerial profession in information systems
- Students meet for classes over the semester during 3 Hours/3day a week on evenings.
- Students have the option to earn a postgraduate diploma from Washington State University where the WSU courses are embedded into the regular MMIS curriculum
- WSU professors fly to Riyadh every semester to provide students the option to earn a post-graduate diploma in one of the following disciplines:

Project Management

Business Analytics

International Exposure
Local Relevance
